Manuscript Preparation

General: Manuscripts must be typewritten, double-spaced with wide margins on one side of white paper. Good quality printouts with a font size of 12 pt are required. The corresponding author should be identified (include a fax number and e-mail address). Full postal addresses must be given for all co-authors. Authors should consult a recent issue of the journal for style if possible. An electronic copy of the paper should accompany the final version. The Editors reserve the right to adjust style to certain standards of uniformity. Authors should retain a copy of their manuscript since we cannot accept responsibility for damage or loss of papers.

Paper Length: Research papers should not exceed 10,000 words of text plus appropriate illustrations and tables. Review papers should not exceed 15,000 words plus illustrations and tables. Short communications should not exceed 2,000 words plus illustrations and tables.

Abstracts: Each research paper should be provided with an Abstract of about 100-150 words, reporting concisely on the purpose and results of the paper.

Text: Follow this order when typing manuscripts: Title, Authors, Affiliations, Abstract, Keywords, Main text, Acknowledgements, Appendix, References, Figure Captions and then Tables. Do not import the Figures or Tables into your text.

Units: The SI system should be used for all scientific and laboratory data. In certain instances it may be necessary to quote other units.

Illustrations: All illustrations should be provided in camera-ready form, suitable for reproduction (which may include reduction) without retouching. Photographs, charts and diagrams are all to be referred to as "Figure(s)" and should be numbered consecutively in the order to which they are referred. All figures are to have a caption.

Line drawings: Good quality printouts on white paper produced in black ink are required. All lettering, graph lines and points on graphs should be sufficiently large and bold to permit reproduction when the diagram has been reduced to a size suitable for inclusion in the journal.

Photographs: Original photographs must be supplied as they are to be reproduced (e.g. black and white or colour). Please note that photocopies of photographs are not acceptable.

Tables: Tables should be numbered consecutively and given a suitable caption and each table typed on a separate sheet. Footnotes to tables should be typed below the table and should be referred to by lowercase letters.

Reference: Author. (Date of publication). Title of article. Title of Journal / Online Periodical, volume (issue), page.
